Total					162			

Note: - Tenure is extendable as per the requirement at the Corporation.

Out of 162 posts, 06 position are reserved for PwBD candidates for (CON -16 & CON-18)

The PwBD Candidates will be adjusted against the vacancy of respective categories viz. UR/ SC/ST/OBC/EWS.

QUALIFICATION, EXPERIENCE AND JOB SPECIFICATION:

CON-01	:	IT Consultant – Technical (Java, PHP, Server Admin, CMS, Database)
Essential Qualifications	:	<ul style="list-style-type: none"> • Bachelor’s degree in Computer Science or Information Technology, or Master of Computer Application (MCA). • Certifications in Java, PHP, server administration, or database management are a plus. • Prior experience in government or enterprise-scale IT environments is desirable.
Experience	:	Minimum 10 Years
Key Responsibility	:	<p>Job Summary: We are seeking experienced and highly skilled Technical IT Consultants to support and enhance our IT infrastructure and application ecosystem. The ideal candidates will possess hands-on expertise across Java Spring Boot, Database, PHP, server administration, data analytics, and modern web technologies. You will play a pivotal role in designing, implementing, and maintaining IT solutions that align with organizational goals.</p> <p>Key Responsibilities:</p> <ul style="list-style-type: none"> • Develop and maintain systems & applications using Java Spring Boot and PHP. • Design and manage relational databases with proficiency in MySQL. • Perform server administration tasks including setup, configuration, performance tuning, and security management (NIC server experience preferred). • Integrate and manage REST APIs, SMS and Email Gateways for communication systems. • Conduct data analysis and support decision-making with insights and reporting tools. • Ensure website and application compliance with best practices through Web Application Audits. • Work on WordPress CMS (experience with s3wass platform preferred) including plugin development and customization. • Collaborate with cross-functional teams to support end-to-end application development and deployment. • Troubleshoot technical issues and provide timely resolutions. • Ensure systems are optimized for performance, reliability, and scalability. <p>Required Skills and Experience:</p> <ul style="list-style-type: none"> • Strong knowledge and proven experience with Java Spring Boot and PHP programming. • Solid understanding of database design, optimization, and MySQL administration. • Experience in server administration and handling NIC servers. • Familiarity with REST API development and integration. • Hands-on experience with data analytics tools and techniques. • Proven ability to conduct or manage web application security audits. • Knowledge of integrating and managing SMS/Email gateways. • Experience with WordPress CMS, specifically on the s3wass variant. • Excellent problem-solving skills and the ability to work independently or as part of a team. • Good communication and documentation skills.
Monthly Consolidated Remuneration	:	Rs. 1,05,000/ P.M.
CON-02	:	Lead AI Expert –(Mission AI for Disability Empowerment)
Essential Qualifications	:	<ul style="list-style-type: none"> • Bachelor’s or Master’s degree in Computer Science, Information Technology, Accessibility Engineering, AI, or Master of Computer Application (MCA). • Certification in Artificial Intelligence, Data Science, Computer Vision, Accessibility Engineering, or related fields. • Prior involvement in social impact projects, particularly in disability empowerment or inclusive tech. • Certifications in ethical AI, accessibility compliance, or relevant open-source contributions.
Experience	:	Minimum 10 Years
Key Responsibility	:	<p>Job Summary: We are looking for an experienced and visionary Lead AI Expert to spearhead Mission AI, a national initiative focused on developing and deploying AI-powered Accessibility & Assistive Technologies that empower persons with disabilities. This role involves end-to-end leadership—from concept to execution—of cutting-edge innovations using AI, data science, and inclusive design principles. The expert will be responsible for mentoring teams, collaborating with stakeholders, and delivering impactful solutions that make digital spaces truly accessible for all.</p>

	<p>Key Responsibilities:</p> <ul style="list-style-type: none"> ➤ AI Strategy & Innovation Leadership <ul style="list-style-type: none"> • Define and drive the AI roadmap for accessibility & assistive technology projects under Mission AI. • Lead R&D efforts to integrate AI capabilities like NLP, Computer Vision, OCR, and Voice AI into assistive tools. • Conceptualize and prototype innovative digital solutions (e.g., real-time transcription, smart screen readers, gesture/speech interfaces, AI-driven alt text generation, etc.). ➤ Team & Project Management <ul style="list-style-type: none"> • Guide and manage cross-functional teams of data scientists, software engineers, and accessibility specialists. • Ensure smooth execution of AI solutions across multiple verticals, including web, mobile, and voice platforms. • Build and maintain technical architecture and code quality across AI projects. ➤ Integration of Assistive Technologies <ul style="list-style-type: none"> • Deploy and enhance existing tools such as JAWS, NVDA, VoiceOver, and Descript using AI. • Work with frameworks like NIC’s S3WaaS, CMS platforms, and adaptive UI/UX systems to embed accessibility by design. ➤ Compliance & Ethical AI <ul style="list-style-type: none"> • Ensure all AI solutions comply with WCAG, GIGW, and Indian accessibility standards. • Advocate for responsible AI, addressing data privacy, algorithmic bias, and inclusive design. ➤ Stakeholder Collaboration <ul style="list-style-type: none"> • Coordinate with public-sector institutions NIELIT, NGOs, Universities, Certification and accessibility certification agencies to develop Indian versions of IAAP certificate course to develop the accessibility auditors. ➤ Required Skills and Qualifications: <ul style="list-style-type: none"> • Proven expertise in AI/ML, Deep Learning, and AI for Accessibility. • Strong background in NLP, speech-to-text, OCR, image recognition, or human-computer interaction. • Proficiency in Python, TensorFlow, PyTorch, OpenCV, and AI model deployment pipelines. Familiarity with accessibility tools and standards (WCAG, ARIA, IAAP, etc.). • Experience managing diverse tech teams and multi-stakeholder projects. • Excellent communication and leadership skills.
<p>Monthly Consolidated Remuneration</p>	<p>: Rs. 1,80,000/ P.M.</p>
<p>CON-03</p>	<p>: UI/UX Developer – (Mission AI for Disability Empowerment)</p>
<p>Essential Qualifications</p>	<ul style="list-style-type: none"> • Bachelor’s or Master’s degree in Computer Science or Information Technology or Master of Computer Application (MCA). • Certification in UI/UX Design, HCI, Web Development. • Knowledge of Indian digital accessibility standards and frameworks like NIC’s S3WaaS. • Prior experience working on public sector, CSR, or social impact tech projects. • Certification in accessibility (e.g., IAAP, CPACC, WAS) is a plus.
<p>Experience</p>	<p>: Minimum 05 Years</p>
<p>Key Responsibility</p>	<p>Job Summary: We are seeking a creative and accessibility-driven UI/UX Developer to lead the design and user experience execution for AI-powered accessibility tools and digital solutions under Mission AI. In this role, you will play a key part in designing inclusive, user-centric digital products that serve individuals with diverse disabilities. You will collaborate with AI experts, accessibility specialists, and government or institutional partners to develop intuitive, compliant, and assistive user interfaces for web and mobile platforms.</p> <p>Key Responsibilities:</p> <ul style="list-style-type: none"> ➤ User-Centered Design & Accessibility <ul style="list-style-type: none"> • Design and develop user interfaces that meet WCAG 2.1+ and Indian Government Accessibility Standards (GIGW). • Ensure compatibility with screen readers, keyboard navigation, and other assistive technologies (JAWS, NVDA, Voice Over). • Use inclusive design principles to support users with visual, auditory, cognitive, and motor disabilities.

	<ul style="list-style-type: none"> ➤ Collaborate with AI Teams <ul style="list-style-type: none"> • Work closely with AI developers and accessibility engineers to integrate features like: <ul style="list-style-type: none"> o AI-generated alt text and captions o Voice-based navigation o Predictive and personalized UI elements • Ensure AI-enhanced features are presented in intuitive, accessible formats. ➤ Prototyping & Front-End Development <ul style="list-style-type: none"> • Create wireframes, user flows, interactive prototypes, and high-fidelity designs using Figma, Adobe XD, or similar. • Develop responsive, semantic, and accessible front-end components using HTML5, CSS3, JavaScript, and frameworks like React or Vue.js. ➤ Testing & Iteration <ul style="list-style-type: none"> • Conduct usability testing with people with disabilities and iterate designs based on feedback. • Use accessibility testing tools (axe, WAVE, Lighthouse, Stark, etc.) during development cycles. ➤ Collaboration & Documentation <ul style="list-style-type: none"> • Work with content creators, developers, and project managers to maintain a consistent, accessible user experience across platforms. • Create and maintain design documentation and accessibility guidelines for the development team. ➤ Required Skills and Experience: <ul style="list-style-type: none"> • Strong portfolio showcasing accessible UI/UX design for web/mobile platforms. • Proficiency with tools like Figma, Sketch, Adobe XD, and Stark plugin for accessibility auditing. • Hands-on experience with front-end technologies: HTML5, CSS3, JavaScript, React/Angular/Vue. • Familiarity with accessibility standards (WCAG, ARIA), screen reader testing, and assistive technology integration. • Understanding of AI-enhanced interfaces and adaptive user experiences.
Monthly Consolidated Remuneration	: Rs. 1,05,000/ P.M.
CON-04	: AI Accessibility Consultant (Mission AI for Disability Empowerment)
Essential Qualifications	: <ul style="list-style-type: none"> • Bachelor’s or Master’s degree in Computer Science, IT, Accessibility Engineering, AI, or Master of Computer Application (MCA). • Certifications in accessibility (e.g., CPACC, WAS) or AI and UI/UX development. • Prior experience working in public sector digital transformation projects or CSR-focused tech initiatives. • Knowledge of Indian accessibility compliance guidelines and government digital frameworks.
Experience	: Minimum 05 Years
Key Responsibility	<p>Job Summary: We are seeking a passionate and technically skilled AI Accessibility Consultant to join a mission driven initiative to enhance digital accessibility through artificial intelligence and modern tools. The consultant will work at the intersection of accessibility standards, AI-powered solutions, and digital ecosystems to improve online experiences for individuals with disabilities. This role is key to building an inclusive digital environment across public sector websites, portals, and IT systems.</p> <p>Key Responsibilities:</p> <ul style="list-style-type: none"> • Lead AI Accessibility Projects: Plan and oversee the design, implementation, and evaluation of AI-powered digital accessibility solutions. • Conduct Accessibility Testing: Utilize tools such as WAVE, axe, Tenon.io, and accessiBe to assess websites and digital content for WCAG compliance. • Develop Accessible Digital Interfaces: Collaborate with UI/UX designers and developers to ensure inclusivity is embedded from the design phase. • Train & Support Stakeholders: Deliver workshops and hands-on training for developers, content creators, accessibility testers, and government IT teams. • Implement Assistive Technologies: Work with tools like JAWS, NVDA, and OCR-based solutions to ensure compatibility with screen readers and assistive tech. • Promote Indian Accessibility Certifications: Collaborate with certification agencies and universities to support the development and rollout of IAAP-alternative Indian courses. • Personalization & AI Adaptation: Develop and deploy adaptive AI-driven features tailored to user-specific accessibility needs. • Support CSR & Public Sector Outreach: Provide free and paid services in training, auditing, and consulting to expand ecosystem capacity.

	<ul style="list-style-type: none"> ● Monitor & Maintain Tools: Assist in managing infrastructure and support systems related to accessibility tools and ongoing compliance monitoring. <p>Required Skills and Qualifications:</p> <ul style="list-style-type: none"> ● Proven experience with AI-based accessibility tools and web development practices. ● Deep understanding of WCAG guidelines, assistive technology, and digital inclusion strategies. ● Strong technical expertise with platforms such as WordPress, NIC's S3WaaS frameworks, and content management systems. ● Certified IAAP professional. ● Familiarity with Figma + Stark, Adobe XD, and similar accessibility-aware design tools. ● Experience training cross-functional teams and government departments on accessibility principles. Excellent problem-solving and communication skills.
Monthly Consolidated Remuneration	: Rs. 1,05,000/ P.M.
CON-05	: Young Professional (Artificial Intelligence)
Essential Qualifications	<ul style="list-style-type: none"> ● Bachelor's or Master's degree in Computer Science or Information Technology or Master of Computer Application (MCA). ● Desirable: - Should have knowledge of Artificial Intelligence.
Monthly Consolidated Remuneration	: Rs. 40,000/ P.M.
CON-06	: IT Assistant
Essential Qualifications	<p>Full time Engineering Degree in Computer Science with a minimum 55% marks from a Govt. recognized University /Institution.</p> <p style="text-align: center;">OR</p> <p>Full time Engineering Degree in Information Technology with a minimum 55% marks from a Govt. recognized University /Institution.</p> <p style="text-align: center;">OR</p> <p>Full time Master of Computer Applications with a minimum 55% marks from a Govt. recognized University /Institution.</p> <p style="text-align: center;">OR</p> <p>Full time 3 years Diploma in Computer Science (DCS) / Diploma in information Technology (DIT) from a government approved/ recognized institute/ university</p>
Experience	: 4 years- Diploma / 1 years- Degree/MCA – post qualification Experience
Nature of Experience	<p>Candidate should have post qualification experience in a Public Sector Undertaking (PSU) or a reputed Private/Manufacturing Sector, with working knowledge of the following:</p> <ol style="list-style-type: none"> 1) Windows Operating System. 2) MS Office and other productivity software. 3) Printer and scanner installation, configuration, and troubleshooting 4) Basic networking concepts (IP addressing, TCP/IP, DHCP, Wi-Fi) 5) Antivirus solutions and basic information security practices.
Monthly Consolidated Remuneration	: Rs. 35,000/ P.M.
CON-07	: Assistant Manager (Plastic)
Essential Qualifications	: Full Time B. Tech Degree in Plastic Technology/Plastic Engineering with minimum 55% marks from recognized University/Institute.
Nature of Experience	: A minimum 8 year's post qualification experience in public sector undertaking or reputed private/ manufacturing sector in the field of Production/Design & Development in Plastic industries. Candidate should have knowledge of material selection and tailoring of material. Should have working knowledge of mould design for injection moulding/ blow moulding/Compression moulding / Pu moulding etc. and processing parametric of different plastic materials.
Monthly Consolidated Remuneration	: Rs. 75,000/P.M.

CON-08	:	Junior Manager (Production)-Textiles
Essential Qualifications	:	Full Time Engineering graduate in Textile Technology/Fashion Technology/ Garment manufacturing Technology/ Apparel Manufacturing technology with minimum 55% marks from a Govt. recognized University / Institution.
Experience	:	5 years post qualification;
Nature of Experience	:	<p>Candidate should have post qualification experience in public sector undertaking or reputed private/ manufacturing sector in the field of garments/ apparels/ textile industry/ Orthotic soft goods Industry preferably in a manufacturing set up.</p> <p>Must have the knowledge and experience of</p> <ol style="list-style-type: none"> 1) Handling production operations across cutting, stitching, finishing and dispatch sections in a volume-based garment manufacturing unit/ Orthotic soft goods Industry. 2) Planning, organizing and monitoring daily and weekly production schedules to meet delivery timelines and preparation of Production & Planning MIS reports. 3) Overseeing multiple production lines, managing workforce deployment, line balancing and ensuring smooth workflow across shifts. 4) Co-ordination with cross-functional teams such as Stores, quality and maintenance to ensure uninterrupted production and quick resolution of production related issues.
Monthly Consolidated Remuneration	:	Rs. 60,000/P.M.
CON-09	:	Junior Manager (Civil Engineer)
Essential Qualifications	:	Full time Engineering Bachelor's Degree or 3 – Years Diploma in Civil Engineering with 55% marks from recognized university/Institution.
Nature of Experience	:	B. E./B. Tech with minimum 5 years' experience/Diploma in Civil Engineering or equivalent having Minimum 7 Years of experience in creating infrastructure facilities for factories, Project with PEB structures, experience in road works etc. for monitoring the project activities till the completion of the project. Candidate also should have experience in Design/ detail engineering or execution of civil / structural works of buildings / long span industrial construction equipment foundation, super structure work of RCC / Structural steel etc. and knowledge in the field of estimation of bill of quantities, preparation of measurement book, verification of work, maintenance of pump-house, basic cost estimation based on Central / State PWD rates including experience in the field of analysis of market rates and preparation of construction schedule, supervising the contractor work is also desirable.
Monthly Consolidated Remuneration	:	Rs. 60,000/P.M.
CON-10	:	Officer (Civil Engineer)
Essential Qualifications	:	Full time Engineering Bachelor's Degree or 3 – Years Diploma in Civil Engineering with 55% marks from recognized university/Institution.
Nature of Experience	:	B. E./B. Tech. with minimum 2 years' experience/Diploma in Civil Engineering or equivalent having minimum 05 years of experience creating infrastructure facilities for monitoring the project activities till the completion of the project and knowledge in the field of estimation of bill of quantities, preparation of measurement book, verification of work, maintenance of pump-house, basic cost estimation based on Central / State PWD rates including experience in the field of analysis of market rates and preparation of construction schedule, supervising the contractor work is also desirable.
Monthly Consolidated Remuneration	:	Rs. 45,000/P.M.
CON-11	:	Safety Officer
Essential Qualifications along with Experience	:	<p>Possesses an adequate knowledge of Hindi in along with Experience Devnagri script &</p> <ol style="list-style-type: none"> 1. Possesses a degree in any branch of Engineering or Technology of a University established by law and has had practical experience of working in a factory in a supervisory capacity in production or maintenance or Safety Department for a period of not less than two years; <p style="text-align: center;">OR</p> <ol style="list-style-type: none"> 2. Possesses a degree in Physics or Chemistry of a University established by law and has had practical experience of working in a factory in a supervisory capacity in production or maintenance or Safety Department for a period of not less than five years; <p style="text-align: center;">OR</p>

	<p>3. Possesses a diploma in any branch of Engineering or Technology recognized by the State Government and has had practical experience of working in a factory in a supervisory capacity in production or maintenance or safety department for a period of not less than five years;</p> <p style="text-align: center;">OR</p> <p>4. Possesses a recognized degree in any branch of Engineering or technology has had experience of not less than five years in a department of the Central or the State Government which deals with the administration under the Factories Act, 1948 or the Indian Dock Labourers Act, 1934;</p> <p style="text-align: center;">OR</p> <p>5. Possesses a recognized degree in any branch of Engineering or Technology and has had experience of not less than five years on a full time basis in training, education, consultancy or research in the field of accident prevention in industry or in any institution;</p> <p style="text-align: center;">AND</p> <p>6. Possesses a degree or diploma in industrial safety recognized by the State Government in this behalf.</p>
Monthly Consolidated Remuneration	: Rs. 45,000/P.M.
CON-12	: Quality Controller (Lab) – Textiles
Essential Qualifications	: Three Year Diploma/ Engineering Degree in Textile Technology/Fashion Technology/ Garment manufacturing Technology/ Apparel Manufacturing technology with minimum 55% marks from a Govt. recognized University / Institution.
Experience	: 4 years- Diploma / 1 years- Degree – post qualification Experience
Nature of Experience	: <p>Candidate should have post qualification experience in public sector undertaking or reputed private/ manufacturing sector in the field of garments/ apparels/ textile industry/ Orthotic soft goods Industry preferably in a manufacturing set up including textile testing lab. Must have the knowledge and experience of</p> <ol style="list-style-type: none"> 1. Conducting tests such as tensile strength, tearing strength, abrasion resistance, bursting strength, GSM, color fastness, dimensional stability etc of textile/ garment/ Orthopaedic textile materials as per ASTM/ IS/ BIS standards. 2. Capable of Operating and maintaining textile testing lab instruments ensuring proper calibration and upkeep as per standard protocols. 3. Recording test data accurately, preparing lab reports and supporting compliance with quality norms including documentation practices.
Monthly Consolidated Remuneration	: Rs. 35,000/P.M.
CON-13	: QC Assistant (Mechanical)
Essential Qualifications	: Diploma in Mechanical Engineering from a recognized University/Institute.
Experience	: 04 Years post qualification experience
Nature of Experience	: A minimum 04 year's post qualification work experience in Public Sector Undertaking or reputed Private manufacturing sector of Quality Control Department. Must have through knowledge and experience of: - Reading engineering dimensional drawing. Testing laboratory, inspecting different types of metallic and non-metallic components and their raw materials. Monitor production, quality control and data integrity of transactions completed by staff determining sampling universe, reviewing efficiency and quality and balancing file assignments. Using different type of inspection equipment like Micrometer, Comparators, gauges, profile projector etc. Maintain controlled documentation as per ISO & BIS requirements (Quality Manual, procedures, forms Customer Complaints etc.)
Monthly Consolidated Remuneration	: Rs. 35,000/P.M.
CON-14	: JUNIOR MANAGER (P & O Clinical)
Essential Qualifications	: <p>Bachelor in Prosthetics and Orthotics with valid RCI accreditation & 5 year's working experience in a clinical setup.</p> <p style="text-align: center;">OR</p> <p>Masters in Prosthetic & Orthotics & 3 years working experience in a clinical setup</p>
Nature of Experience	: <ol style="list-style-type: none"> 1. Evaluation of persons with disability and planning of rehabilitative programme. 2. Responsible for assessment, fabrication and proper fitment of orthotics, prosthesis and assistive aids & appliances.

	<ol style="list-style-type: none"> 3. Assist in research, rehabilitation, outreach and extension programs and services. 4. Conducting awareness program, CREs, short term training programs, in service training program etc. 5. To work closely with senior P & O and other members of the team, to ensure that clinical directives and standards are adhered to. 6. Any other duty assigned by the higher officials. 	
Monthly Consolidated Remuneration	: Rs. 60,000/-P.M.	
CON-15	: P & O Clinical	
Essential Qualifications	: Bachelor in Prosthetics and Orthotics with valid RCI accreditation & 2 years working experience in a clinical setup. OR Masters in Prosthetic & Orthotics with valid RCI accreditation.	
Nature of Experience	: <ol style="list-style-type: none"> 1. Evaluation of persons with disability and planning of rehabilitative programme. 2. Responsible for assessment, fabrication and proper fitment of orthotics, prosthesis and assistive aids & appliances 3. Assist in research, rehabilitation, outreach and extension programs and services. 4. Conducting awareness program, CREs, short term training programs, in service training program etc. 5. To work closely with senior P & O and other members of the team, to ensure that clinical directives and standards are adhered to. 6. Any other duty assigned by the higher officials. 	
Monthly Consolidated Remuneration	: Rs. 30,000/-p.m. for fresher's	Rs. 35,000/- for minimum 1 year & Rs. 40,000/- for minimum 2 Years & above post qualification experience
CON-16	: PROSTHETICS AND ORTHOTICS	
Essential Qualifications Nature of Experience	: Bachelor in Prosthetics and Orthotics is must. Candidate having Master Degree in Prosthetics and Orthotics will be given preference. Registration in Central Rehabilitation Register (CRR) of RCI is essential. Candidate should have experience in fabricating and fitting of artificial limbs to persons with disabilities. Knowledge of local language of place of engagement is desirable. Fresher's can also apply.	
Monthly Consolidated Remuneration	: Rs. 30,000/-p.m. for fresher's	Rs. 35,000/- for minimum 1 year & Rs. 40,000/- for minimum 2 Years & above post qualification experience
CON-17	: PROSTHETICS AND ORTHOTICS (TECHNICIAN)	
Essential Qualifications	: Certificate in Prosthetics & Orthotics (CPO)/Certificate in Bench Skills (CBS) RCI valid accreditation OR Diploma in Prosthetics & Orthotics (DPO).	
Nature of Experience	: <ol style="list-style-type: none"> 1. Assist Orthotist/Prosthetist / in assessment, fabrication, and proper fitment of prosthesis. 2. To manufacture all levels of prosthetic limbs and possible production of orthotic manufacturing. 3. To work closely with P & O professionals and other members of the team, to ensure that clinical directives and standards are adhered to. 4. Any other duty assigned by the higher officials. 	
Monthly Consolidated Remuneration	: Rs. 25,000/-p.m. for fresher's	
CON-18	: AUDIOLOGIST	
Essential Qualifications Nature of Experience	: Bachelor in Audiology & Speech language Pathology is must. Candidate having master's degree in Audiology & Speech language Pathology will be given preference. Registration in Central Rehabilitation Register (CRR) of RCI is essential. Candidate should have post-qualification experience in conducting of audiology test and prescribing the required hearing aid to person suffering from Hearing Impairment. Knowledge of local language of place of engagement is desirable. Fresher's can also apply.	
Monthly Consolidated Remuneration	: Rs. 30,000/-p.m. for fresher's	Rs. 35,000/- for minimum 1 year & Rs. 40,000/- for minimum 2 Years & above post qualification experience

CON-19	:	OPTOMETRIST	
Essential Qualifications	:	Bachelor of Optometry (B. Optum) degree from a recognized institute having valid registration optometry Council of India or the relevant state council to practice as a qualified optometrist.	
Nature of Experience	:	Evaluation of eyes for spectacles of CWSN, Sr. Citizen & PWDs during camp and at centers / PMDK etc. Measurement, fabrication and fitment of Eyeglasses / spectacles. Training on eye care techniques.	
Monthly Consolidated Remuneration	:	Rs. 35,000/- for minimum 1 year & above post qualification experience	
CON-20	:	SPECIAL EDUCATOR (INTELLECTUAL DISABILITY)	
Essential Qualifications	:	Bachelor's in Special Education (Intellectual Disability) full time course from Institute recognized by RCI. Registration in Central Rehabilitation Register (CRR) of RCI is essential. Minimum 1-year post qualification experience in rehabilitation / teaching of CWSN (ID). Knowledge of local language of place of engagement is desirable.	
Desirable Qualification	:	M.Ed. in special Education (ID) Having minimum 01-year experience in training / rehabilitation CWSN with NIEPID TLM / similar TLM kit.	
Monthly Consolidated Remuneration	:	Rs. 25,000/-p.m. for 01-year post qualification experience	Rs. 35,000/- for minimum 2 Years & above post qualification experience
CON-21	:	SPECIAL EDUCATOR (VISUAL IMPAIRMENT)	
Essential Qualifications	:	Bachelor's in Special Education (Visual Impairment) full time course from Institute recognized by RCI. Registration in Central Rehabilitation Register (CRR) of RCI is essential. Minimum 1-year post qualification experience in rehabilitation / teaching of CWSN (ID). Knowledge of local language of place of engagement is desirable.	
Desirable Qualification	:	M.Ed. in special Education (VI) Having minimum 01-year experience in training / rehabilitation CWSN with NIEPID TLM / similar TLM kit.
