**A FORCE BEHIND THE
EMPOWERMENT OF PERSONS WITH DISABILITIES**

CITIZEN CHARTER

ARTIFICIAL LIMBS MANUFACTURING CORPORATION OF INDIA

1. OUR VISION

To promote, encourage and develop the availability, use, supply, and distribution at reasonable cost in the country of high quality Artificial Limbs and accessories and constituents thereof to needy persons.

To establish facilities for the manufacture of Artificial Limbs & accessories and constituents thereof and all other things which can be or may conveniently be used for the manufacture of or in connection with such articles, things as aforesaid.

To maintain the status of being largest company in the world for manufacture of cost effective, state-of-the-art Assistive Devices for the persons with disabilities.

Set up and strengthen a network of limb fitting centres and dealers which would make the aids & appliances easily available to persons with disabilities.

Develop training facilities for Prosthetic & Orthotic Technicians and Engineers.

Establish links with the premier institutions in India and abroad for research, design and upscaling production.

2. OUR MISSION

Empowerment of Persons with Disabilities and Restoration of their Dignity by way of manufacturing and supplying durable, sophisticated, scientifically manufactured, modern and ISI – standard quality assistive aids and appliances that can promote physical, psychological, social, economic and vocational rehabilitation by reducing the effect of disabilities and enhancing potential for self – dependence.

3. **OUR PROGRAMMES /GOALS/ OBJECTIVES**

It was observed that a large number of disabled persons had been deprived of the benefits of rehabilitation aids and appliances because of their inability to find funds to purchase them.

In the light of the Government's growing stress on helping disabled persons and in bringing the aids and appliances within their reach, the Govt. of India introduced ADIP Scheme (Scheme of Assistance To disabled Persons for Purchase/Fitting of Aids/Appliances) in the year 1981 to provide aids/appliances to poor disabled persons free of cost/with 50% subsidy depending on their income.

It was also observed that about 3% of the children below 14 years of age suffer from delayed development and many of them are mentally retarded and cerebral palsied and require some aids/appliances to attain the capacity of self-care and independent living.

In the light of the Government's growing stress on providing inclusive education to Children With Special Needs (CWSN), the Govt. of India introduced ADIP-SSA Scheme in 2004 to provide aids/appliances to poor disabled school children in the 6 to 14 years age group, Under this Scheme, 60% of the cost of aids and appliances is met from ADIP Scheme of the Ministry of Social Justice & Empowerment and balance 40% of the cost is met from SSA (Sarva Shiksha Abhiyan) Scheme of the Ministry of Human Resource Development.

With the implementation of ADIP and ADIP-SSA Schemes, rehabilitation aids and appliances are now within the reach of all disabled persons.

As a result, the demand of aids and appliances have increased manifold over the years.

The major objectives include :

To manufacture and supply quality Aids & Appliances at affordable cost.

To maintain the status of largest ADIP Implementing Agency through Camp Activity, Headquarters activity ,ADIP-SSA (ADIP-Sarva Shiksha Abhiyan) Activity , Special Camp Activity and Limb Fitting Centres Activity.

To set up and strengthen a network of Limbs Fitting Centres and Dealers which would make the Aids & Appliances easily available to Persons with Disabilities.

To ensure that all Aids & Appliances supplied under ADIP scheme must bear ISI mark and must be durable, modern, sophisticated and scientifically manufactured.

To establish collaboration with the premier institutions in India and abroad and carryout continuous Research & Development work to improve design of existing Aids and develop new state- of- art Assistive Devices at affordable prices.

4. **OUR CLIENTS**

The Corporation markets its products within the country through its offices at Delhi, Kolkota, Bhubaneshwar, Bangalore, Mumbai, Hyderabad, Guwahati and with the help of an extensive dealer network to ensure availability across the length and breadth of the country. We try to reach about 640 districts and more than 7000 blocks of the country through the buyers in following categories.

- National Institute
