GUIDELINES FOR OPD REIMBURSEMENT CLAIM

The following guidelines are to be adhered to in order to facilitate regular employees in covering the costs of their own medical attendance and treatment (including Outpatient Department services and diagnostic tests) or those of their dependent family members: -

1. **Submission of Reimbursement Claim:** The employee must submit the OPD reimbursement claim using the provided "Claim for Reimbursement of Medical Expenditure" form enclosed herewith. The claim must be accompanied by all relevant documents, including doctor's prescriptions, diagnostic reports, and detailed medical bills.
2. **Submission Process:**
 - a) **Employees based at headquarters** should submit their OPD reimbursement form, along with all relevant documents, to the Corporate P&A Department after verification by their respective Controlling Officer/HOD.
 - b) **Employees posted at AAPCs/RMCs/PMDKs/Units** should submit their claims to their respective Controlling Officer at the concerned location. Once verified and approved by the Controlling Authority/Unit Heads, the claims will be forwarded through courier/speed post (including scanned copy through email) with a covering letter (containing the details of the claim) to the Corporate P&A Department for further verification and approval.
3. **Submission Deadline:**
4. The procedure for submission and processing of OPD claims requires employees to submit their claims to their Controlling Officer within 7 days of availing medical treatment. The Controlling Officer must verify the claims and forward them to the Corporate P&A Department within 15 days. However, if an employee submits their claim to their Controlling Officer beyond 7 days of availing treatment, the same will only be processed with the prior approval of the concerned General Manager (GM).
5. **Verification and Review:** After receiving verified claims from the respective Controlling Authorities (I/c AAPC/RMCs or the concerned HOD at HQ), the Corporate P&A Department will review the claims in accordance with the terms and conditions of the **Medical Attendance and Treatment Rules, 2024**. Additionally, the Corporate P&A Department shall also check the eligibility/entitlement of the reimbursement as per the MATR-2024 vis-a-vis all OPD medical claims are verified by the Corporation's Medical Officer. The Medical Officer will review the claims to verify the legitimacy of the treatment and cross-check prescribed treatments and medicines against standard medical practices.
6. **Final Approval and Payment Processing:** The Corporate P&A Department will give final approval, ensuring medical validity before processing payments. A list of approved medical reimbursements will be prepared and sent to the F&A Department for payment processing. Upon receiving the information, the F&A Department will disburse the payment for OPD medical claims. The Corporate P&A and F&A Departments will also monitor the capping limit for each employee.

Note:

- a) Unusually high claims or repetitive patterns of medical reimbursement from the same employee may trigger further review/investigation of the documents by P&A Deptt./Medical Officer.
- b) The list of empaneled hospitals for OPD purpose is enclosed herewith.
- c) With due course of time a centralized online portal system shall be implemented where all employees across branches can submit their medical reimbursement claims. The portal shall allow employees to upload scanned documents such as bills, prescriptions, and diagnosis reports, which will be directly accessible by the Corporate P&A.
